In the secret place of the Most High God is where I wanna be
In the secret place His most holy face is what I long to see
I wanna bask in His glory, and feel the touch of His warm embrace
In the secret place of the Most High God I will find Him

(Chorus)

There is joy in the secret place
There is hope in the secret place
There is peace in the secret place
There is strength in the secret place
There is love in the secret place
There is rest in the secret place
In the secret place of the Most High God
You'll find Him

Mine All Mine

When I am weak to Him I go
He is my friend and I love Him so
When others leave me all alone
He steps right in and the Man takes control (Chorus)

He's all in all the world to me
I'll love Him until His sweet face I'll see
When satan tries to turn me around
I'll stand with Jesus for I'm heaven bound (Chorus)

Don't you remember in the bible days?
Peter walked on the water in my sweet Jesus' name
But he lost his faith and slowly he sank
He cried, "Save me" and Jesus stretched him His hand (Chorus)

Don't you love Him? The Man is real
He's never failed no and He never will
When things are gloomy and there's no light ahead
Don't doubt His goodness He'll do just what He said (Chorus)

(Chorus)
Mine all mine
He's mine all mine
Mine all mine
He's mine all mine

I Will Worship

(Chorus)

I will, I will, I will, I will, I will
I will, Worship You, Lord

As long as the sun sets in the sky
I will, I will worship You, Lord
Just as long as the moon and stars give their light
I will, I will worship You Lord (Chorus)

As long as the Angels give my God praise
I will, I will worship You Lord
And the elders bow down and honor His Name
I will, I will worship You Lord (Chorus)

As Long as the Savior sits on the throne
I will, I will worship You Lord
Just as long as He's near me and calls me His own
I will, I will worship You, Lord (Chorus)

Only You Lord

Written by: Alfreda Akognon

I don't want man's riches and power
I don't care about man's point of view
I don't need man's praise and honor
All I want O Lord is you (Chorus)

I don't want man's kind of wisdom
For his wisdom is foolishness and weak
I won't strive for things man can give me
All I want, Lord, is to lay at your feet (Chorus)

God is searching for those who will seek Him
And not the blessings that come from His hand
But to know Him with intimate knowledge
And in the secret place to just lean on his breast (Chorus)

(Chorus)
I want you Lord in all of your glory
And to know the desires of your heart
To dwell in the awe of your holiness
And from your presence to never depart

Exodus 33:17-23

Run to Jesus

Written by: Alfreda Akognon
© 2005 TWO RECORDS

There are times when I battle to do things my own way
I tell God, "Take your hands off 'cause I'm in control today"
But when I finally come to realize why the path I cannot find
I take a look around me and see that I've left God behind (Chorus)

So many precious promises God has given from the start
"Delight yourself in me and I'll give you the desires of your heart"
God is not a man that He should lie on His Word you can always stand
But we can't even hear His voice when He's speaking
Because we're following our own plan (Chorus)

Have you ever tried to tell God that you were in control?
That you didn't need His love to sustain you
Or be the keeper of your soul?
He said "Where were you when I put the mountains
And the stars in their place?
For you can't even breathe without me
Without my mercy and my grace." (Chorus)

(Chorus)
Run to Jesus
I'll run to the throne of grace
I will not tarry in darkness
I'll run to the safest place
Under the shadow of the Almighty
To my Savior's loving arms
I'll run to Jesus. He'll protect me from all harm

(vamp)
I'll run, I'll run to Jesus
I'll run, to the throne of grace...

Spiritual Warfare

We wage war against the forces of darkness
We don't struggle against flesh and blood
And we fight with weapons that are not carnal
We fight in a battle that's already won

(Chorus)

So arm yourself with worship and praise
Speak the Word of God boldly with hands upraised
Pray in the Spirit morning noon and night
And put the powers of darkness
Ten thousands to flight

Ephesians 6:10-18

None Like You

Who is like the Lord our God?
There is none like You O God
(Quien es como tu O Dios?
No hay nadie como tu)

(Chorus)
He sits high and He looks down low
He raises the poor
From the dust of the earth
And seats them with royalty
There is none like You O God (Chorus)

Sentado arriba, el mira hacia abajo
Sentado arriba, el mira hacia abajo
El Levanta al pobres
De el polvo de La tierra
Y los Sienta con Royaltidad
No Hay nadie como tu
O Dios (Chorus)

Father, Spirit, and Son
Three separate persons yet They are one
Co-eternal and coequal in all of Their ways
Each worthy of glory and all of our praise (Chorus)

(Chorus)
We praise You (3x)
We Lift Your name up high

I'm So Thankful

Written by: Alfreda Akognon

I'm so thankful to be in the service of the Lord
It's not because I've been good
But because of His grace and love
I'm so thankful through His Word
And power I have been kept
And I'm gonna praise Him
If I have to praise Him all by myself

He is the King of Kings, the Lord of Lords
The Light in Darkness, the Holy Word,
The Great I Am, a Meek and Humble Lamb
The Chief Cornerstone, The Holy One
The Root of David, The Worthy One,
Alpha and Omega, The Father's Only Son
I'm gonna praise Him
If I have to praise Him all by myself.

(Vamp)
And I'm gonna praise Him (4x)
From the rising of the sun
'til the going down of the same
He is worthy to be praised
With our hands upraised

Praise Him...
He's Worthy...
Lift Him higher...
Give Him glory....

It's Time

We've got the power of the universe in our hands
As the children of God it's our inheritance.
But why do we live our lives so defeated and poor?
It's because of this one thing we haven't taken hold
To pray (Chorus)

We spend a lot of time complaining and weak
And not living as though we're a child of the King
Turn off the television push back that plate of food
And digest the Word of God until your soul is good and full
Let's pray (Chorus & Bridge)

Jesus prayed in the Garden of Gethsemane
Just before He was to die at Calvary
He asked His disciples, "Would you pray with Me?"
But every time He came back they were fast asleep
We want to have the privilege of answered prayer
But the sacrifice required we're not willing to bear
God wants to spend some time with you alone
But you've got to be willing to get off the telephone
and pray (Chorus & Bridge)

(Chorus)
Let's pray
What time is it?
Time to pray
We need to pray
Let's pray
Because the hour is late
Time to pray

(Bridge)
It's time, it's time, it's time
It's time to pray
Enter into your secret closet
Spend some time just you and God alone
Meditate on His holiness come boldly and approach His throne

(Vamp)
We're living in a time where what's wrong is right
We'd rather tolerate sin than stand against it and fight
The world refuses to hear what we have to say
But our authority comes when God's people pray
Our Father who art in heaven
Hallowed be thy Holy Name
Thy Kingdom come
Thy will be done
On earth and in heaven
This very day
Let's pray, it's time to pray...

A God Like This

Written by: Alfreda Akognon

He brought the children of Israel out
Brought 'em with a mighty hand
He opened up the waters of the sea
And they crossed over on dry land
By night He led them with a pillar of fire
And by day a pillar of cloud
He gave 'em bread from heaven above
And clothes that never wore out
Who wouldn't serve a God...? (Chorus)

The people argued with Moses
They said, "Get us some water to drink
Why'd you bring us to the desert to die?
We could've died back in Egypt"
Moses said, "Lord help me, these people
want to stone me" but God said,
"Hit the rock with the staff in your hand
And water will pour forth for thee"
Who wouldn't serve a God...?(Chorus)

Korah opposed Moses and Aaron
"Now you've gone too far"
He said, "The whole community is chosen and holy
Who do you think you are?"
Moses fell face down,
"In the morning you will see who
God has chosen over Israel
Your fight's with Him not me
If these men die a natural death
Then I have not been sent
But if God brings about something new

You'll know they treated Him with contempt"
At his word the ground split apart
Swallowed them families and all
Then fire came down from the Lord above
And consumed the other men involved
Who wouldn't serve a God...? (Chorus & Bridge)

We think we're different
Than the Children of Israel
Stiff-necked, hard headed
We know them all too well
God's been so gracious
In holding back His hand
But judgment flows from rebellion
God's Word will always stand (adlib)

(Chorus)
Who wouldn't wanna serve a God like this? A God like
this!

(Bridge)
Jehovah Jireh, God who provides
Jehovah Rofi, the God who healeth thee
Holy, Mighty, and Just is His name
Throughout the ages
He's always stayed the same

Exodus 13, 14, 17 & Numbers 16

It is Done (A Wedding Song)

Written by: Alfreda Akognon

Man and woman, God's ordained from the beginning of time
To leave family and unite our hearts as one
If we trust God and obey put Him first in everything
Then no power can undo what He has done (Chorus)

We can't love like the world, committed only in good times
Giving up when the hurt gets hard to bear
If God joined us then He'll sustain
Through every joy and every pain
If we hold on to His never changing hand (Chorus)

(Chorus)

We are one because the Father has made us one
And our steps have all been ordered by His Son
We commit our lives today
In God's love we vow to stay
Until the day we leave this place
It is done
